Joys and Sorrows

Louise S: All good thoughts and prayers for those experiencing mental health problems.

Sharon F: Hoping Anne A recovers quickly from COVID and all goes well with her son's upcoming surgery

Karen S: Special prayers for Bassist Monnette Sudler and Music Promoter Leo Gadson

Sandy: I have 2 joys, since both my grandchildren sent artwork from their recent (if brief!) trip to Hawaii, where ChungMin had a conference & brought them along. Only a few days but they saw a lot and swam a lot. Adela tells me that a sea turtle apparently wanted her to adopt it! It kept brushing her swimsuit and when she left the water it raised its head and looked mournful! Little JJ fell in love with a pair of sea otters. They sent me their pix of -- guess! -- a sea turtle & 2 otters!

Fern C: So nice to see everyone listed here in the chat and the participants listing! I've missed you all!

Holly J: Blessings, everyone! Sweet story, Sandy, holding Anne for speedy recovery and Monette and leo-also Portia for doing well after an accident. Stay cool everyone!

Elisa: The condition of the world with flooding, fires and drought is weighing heavily on me .

Anne A: I am so happy to be at church on zoom and thank you for the messages and good energy. I am on paxlovid and feeling a bit weak but otherwise symptoms are mostly resolved. Cat and books are a good comfort!
