

Calling Lay Pastoral Care Volunteers!

We need two kinds of folks for the two groups that will help reconnect and reform our merry band of good-trouble-makers and freethinkers!

The first group: Are you feeling pulled to connect with and care for the folks in our congregation? Are you willing to reach out by phone, text or email once a month? If so, contact McKinley to be part of the reconstituted Care Callers team. No training necessary for these roles. You'll help connect those of us we don't see on Sundays with the wider congregation.

The second group: If you are moved to receive some deeper training to make pastoral care visits of congregants in hospitals or at home, please reach out to get signed up for the Lay Pastoral Support team. This is a more in-depth practice that involves some specific skills and techniques. You'll be helping Rev. McKinley respond to and care for folks in crisis and through grieving times.

If you're unsure where you might fit in, call or email McKinley to talk it through. You're the difference makers in the building of this Beloved Community. Thanks to all who have taken the initiative to reach out these past 6 months and beyond.
